ABOUT US

CORPORATE PHILOSOPHY

Our mission is to be first in Service, Quality, and Prices. Maintaining leadership in our industries by provides our customers with superior quality products and services on time, at competitive prices. We will accomplish this by using the process of continuous improvement, involving all our employees, and by providing a safe, clean and creative environment.

STERITEK'S OUTSTANDING REPUTATION

For over 25 years, we have provided a broad menu of packaging and assembly services for Pharmaceutical, Medical, Health, Beauty-Aid and Consumer Product companies. STERITEK is totally committed to fulfilling each customer's requirements with strict adherence to cGMP and FDA requirements. This policy has earned STERITEK an outstanding reputation for the highest quality products, reliability and prompt response—all provided at the lowest possible cost.

QUALITY ASSURANCE

QUALITY CONTROL... ONE OF OUR MAJOR STRENGTHS

We maintain and update a computer-controlled job tracking system that is second-to-none when it comes to delivering on-time performance and status verification. Our audit procedures and inventory control system meet all government requirements, so you know you'll always receive the best products available in the market place. You can be assured of: full FDA and DEA registrations for all our facilities and operational techniques, a quality assurance team that is fully trained under FDA and DEA guidelines, and controlled substance registration with full security and locked cage storage areas.

We are dedicated to outstanding customer service. Our creative engineering group employs state-of-the-art machinery throughout all operations for a wide range of packaging and assembly needs. Quality assurance programs are designed to exceed client specifications and monitored to ensure efficiency and regulatory compliance.

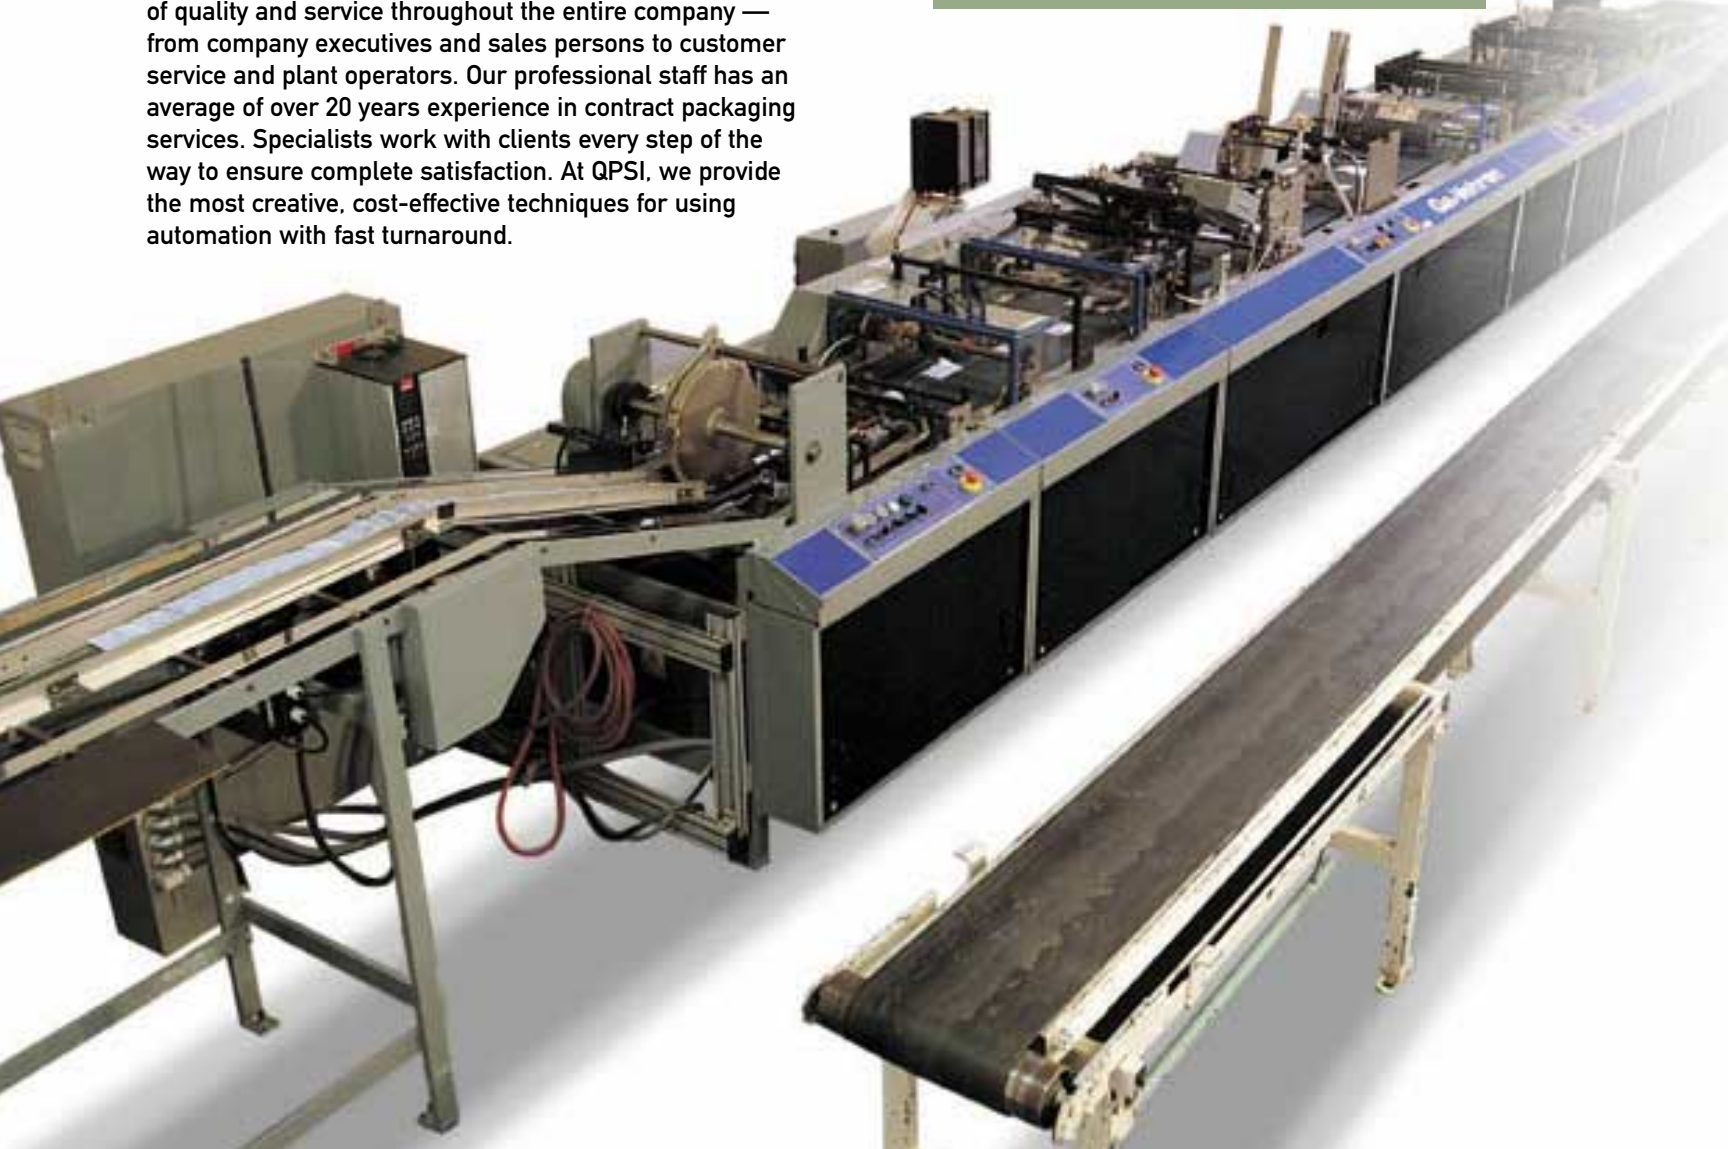

Our highly trained professional staff makes all the difference.

PROFESSIONAL STAFF

Let the highly professional staff at QPSI increase your comfort level. You'll always be assured of the highest level of quality and service throughout the entire company — from company executives and sales persons to customer service and plant operators. Our professional staff has an average of over 20 years experience in contract packaging services. Specialists work with clients every step of the way to ensure complete satisfaction. At QPSI, we provide the most creative, cost-effective techniques for using automation with fast turnaround.

MANUFACTURING AND CUSTOM PROGRAM HANDLING

CUSTOMIZED PROGRAM HANDLING — COMPLETE TURNKEY OPERATIONS

QPSI provides complete turnkey operations. We can readily "customize" a wide range of special programs to fit your specific needs. We are constantly developing equipment and facilities to meet our clients' needs. STERITEK has recently expanded our "White" Room Facilities to encompass 35,000 square feet of our packaging operation. Our capabilities have been developed to include Cold Formed Blister Production and we have significantly expanded our Pouching and labeling capabilities. A wide variety of programs can be handled for your custom needs. We offer:

PRODUCT RECALLS & REIMBURSEMENT • RETURNED GOODS PROGRAMS • DRUG SAMPLING SERVICES (IN FULL COMPLIANCE WITH THE PRESCRIPTION DRUG MARKETING ACT.)

THE RIGHT EQUIPMENT TO HANDLE DIVERSE PACKAGING

We pride ourselves on constantly researching and upgrading our equipment. QPSI only utilizes the most current state-of-the-art technology, enabling us to satisfy a wide range of assembly and packaging needs, including:

BAG & POUCH FILLING / SEALING • BLISTER PACKAGING / STRIP PACKAGING • FORM FILL & SEAL • CARTONING • SHRINK WRAPPING / OVERWRAPPING • HEAT SEALING • DIE CUTTING / LAMINATING • TAMPER EVIDENT PACKAGING • INK JET LABELING AND BAR CODING • TIPPING / TISSUE AND PACKET.)

"HANDS-ON" PROMOTIONAL MATERIALS ASSEMBLY

QPSI effectively integrates state-of-the-art automated assembly equipment with a "hands-on" management staff. This enables QPSI to handle the widest possible range of assembly and fulfillment needs, inclusive of:

KIT ASSEMBLY AND PACKAGING • POINT-OF-SALE DISPLAY ASSEMBLY • SAMPLE FULFILLMENT • PRODUCT PACKAGING WITH PACKAGE INSERTS • COLLATING / INSERTING • DISTRIBUTION OF SALES REP LITERATURE / SAMPLES • SPECIAL LABELING & PACKING INCLUDING INTERNATIONAL REQUIREMENTS

White Room Facilities

Locked Cage Storage Areas

Bag and Pouch Filling

MAILING AND FULFILLMENT

THE FASTEST WAY TO THE CONSUMER IS QPSI...
PACKAGE AND MAIL FROM ONE FACILITY

Need to distribute your samples? Several QPSI locations are both Postal Plant Load certified to expedite your mail efficiently. We are capable of handling any size consumer or professional mailings. With several hundred thousand square feet of warehouse space we can handle your fulfillment requirements from individual pieces to bulk distributions. With complete on-line or off-line addressing we can get your samples where they need to be.

Because we are an FDA & DEA registered facility, you are ensured that the proper records will be available for your product control needs. Our batch record system is state of the art; keeping track of day codes for shipping or mailing of every piece. Calling QPSI allows you to have all Package Campaign steps completed at our facility.

From pouching or tipping to mailing, this one location advantage will save you thousands in freight alone. For more information on our capabilities, please contact anyone of our representatives.

INVENTORY

UNPARALLELED PRODUCTION & WAREHOUSE FACILITIES

Our inventory control system is unsurpassed— that's because we maintain complete record accuracy and tracking. All inbound materials, even if they are shipped from multiple locations at different times, are stored and recorded for future job production.

Of course, security is assured with locked cage capability. Our computerized inventory control system tracks all materials throughout the job cycle. At the completion of your project, any excess inventory is shipped to your designated location. Also, QPSI has a high tech security and sprinkler system monitored by ADT 24 hours a day, seven days a week.
